Full Stack Web Developer (Intern)

Software Complete Solution Tech, Kalyan

06/2019 - 08/2019

Kalyan, Maharastra

Tech Used

- Html, CSS, Javascript, Php, Mysql

SKILLS

React Js

Javascript

SQL

Html

CSS

Python

Tailwind CSS

MongoDB

PROJECTS

Trello - Task Manager [Link] [↗](#)

- **Designed and implemented a feature-rich Kanban board** with **drag-and-drop functionality**, allowing users to efficiently manage tasks with an **intuitive and user-centric interface** .
- **Developed advanced visualizations** using **dynamic bar and pie charts** to provide real-time task insights, and integrated the ability to **export reports in PDF and Excel formats** for enhanced decision-making.
- **Optimized for performance and UX** with **responsive design**, customizable background themes, and smooth transitions, enhancing the user experience for diverse workflows.
- **Tech Used : MERN stack** (MongoDB, Express.js, React, Node.js), **RESTful APIs**.

Aesthetic Typing (2024) [Link] [↗](#)

- A web-based typing practice app using **React and Framer Motion**, providing users with **real-time feedback** on typing speed and accuracy through smooth animations.
- **Implemented customizable features**, including dark and light modes, and multiple typing modes (words or sentences), enhancing user experience and engagement while tracking performance metrics like WPM and accuracy.
- **Tech Used : React JS, Tailwind CSS**

Scroll Master - Chrome extension [Link] [↗](#)

- **A chrome extension** enabling users to automate smooth scrolling across web pages with customizable intervals and scroll distances.
- **Integrated real-time page reloading and tab-switching features**, ensuring seamless data updates and uninterrupted workflow management across multiple tabs.
- **Tech used : Javascript, Html, CSS**
